RE: Tanner Johnson

February 3, 2022

To Whom This May Concern-

My Name is Ty Van Dyke, I am pleased to write to you on behalf of Tanner Johnson. I myself played college baseball at Yavapai Community College and the University of New Mexico.

I first met Tanner as a 10 year old when I was coaching our travel baseball team. It was obvious that Tanner had untapped potential, in depth knowledge of the game and above all a passion to play baseball.

On the baseball field Tanner is a young man who is committed to perfecting his skills. He has great upside and potential. I can see that his mechanics have far progressed past many of his peers in the same age group.

Tanner is a middle infielder and left handed batter, he fit extremely well into our program. In my opinion he would be a great asset to any program at any level.

I have coached many young men throughout the years. I would not only highly recommend that you consider Tanner Johnson as a part of your program but would strongly recommend Tanner for his character as a young man, for his leadership on and off the field and above all, Tanner is "coachable".

Tanner is one of the finest young men and baseball players I have had the privilege to coach and watch grow over the years.

Please do not hesitate to contact me should you have any further questions or need to discuss Tanner's baseball history further.

Sincerely,

Ty Van Dyke
